Website Maintenance Cost

When it comes to website management costs, your company's rates depend heavily on your website. That's why it's helpful to break down website maintenance pricing by website type, like eCommerce, small business, or enterprise.

Get an estimate for your website maintenance costs by using the table below:

TYPE OF WEBSITE	MONTHLY WEBSITE MAINTENANCE COST
Personal Website	$5 to $25 /mo
Professional Blog	$25 to $75 /mo
Small Business Website	$35 to $100 /mo
SMB Business Website	$125 to $500 /mo
Corporate Website	$200 to $3500 /mo
Web Application	$300 to $2500 /mo
Custom Business Website	$350 to $4500 /mo
Ecommerce Website	$1500 to $2500 /mo
Custom Ecommerce Website	$2000 to $5000 /mo

What do website maintenance fees include?

As you browse website maintenance rates, it's essential to look at what the provider includes with their services. If you purchase a package without looking at the deliverables, you can end up not only wasting money but also getting locked into the wrong service contract.

For the best experience, you want a service provider that includes the following as a part of their website maintenance pricing:

TYPE OF WEBSITE	MONTHLY PRICE
Domain Name	$0.08 to $1
SSL Certificate	$0 to $125
Website Hosting	$2 to $835
General Website Upkeep	$15 to $105
CMS	$0 to $3,500
Tech Support	$1500 to $3000
Website Analytics Reports	$5 to $15
Ecommerce System Maintenance	$15 to $25

Benifits of Website Maintenance

• Provide your website visitors with updated information on products & services, specials, hours of operations and other key information about your business.
• Sync up your offline marketing programs and offers with your online presence.
• Provide a reason for clients and site visitors to browse your site again.

Terms of Website Maintenance Contract

• Typically Website Maintenance Contract is for a year or six months.
• It does not include any major Redesign or Reconstructions of the website
• Costing is dependent on the size and complexity of the website.

Tips for Maintaining Site Effectively

• Ensure all the information on the website is up to date.
• Ensure that there are no links that do not lead to a page (broken links).
• Ensure that every page of the website is accessible from the menu navigation within a few clicks. Pages that visitors cannot reach are of no use.
• Ensure that any new happenings in your business or industry find a mention on your site. This shows visitors you are active and well informed.
